3) I have discussed the matter with the Municipal Commissioner. The Municipal Council is prepared to have an Executive Engineer. I do not think Mr. H. A. Narayana will be suitable for the post. He was in the Municipality before the Commissioner, and to take Mr. B.S.N. Narayana has been first at the Municipality's special request. I do not think he will take to border there. Besides, he is opposed to Kannadiga Brahmins. Mr. M. Venkatachar and Ex. Ex. Subedar Rao have also been from 1940 but he will not do for the role of a Municipal Engineer. He is an Honours, Engineer, but I like to keep the Services of the Officers in the P.W.D. If he will take an Asst. Engineer's appointment Chitty will take to the role.

16) The Municipal Engineer is a statutory officer.

17) Generally, Asstt. Engineers who belong to the cadre of the P.W.D. are being posted as Municipal Engineers of the Bangalore City Municipality.

18) So far, when these officers who are posted to the Bangalore City Municipality as Municiapal Engineers get their chances of promotion to the next higher grade - Executive Engineers - in the usual course in the P.W.D., the Chief Engineer would write to the Municipal Commissioner sending a copy of the order thereof, requesting him to relieve the officer. The Municipal Commissioner would also write to the Chief Engineer asking for a panel of names of Assistant Engineers for making a selection out of them for being posted to the

municipality.

19) After the panel of names is received, the matter would be placed before the Municipal Council for making a selection out of them.

20) After the selection is made, the Municipal Commissioner would write to the Chief Engineer to post the officer selected by the Municipal Council. This is the practice in vogue

21) The references obtained from the Chief Engineer's office are placed below. It will be seen therefrom that when Mr.B.S.Narasinga Rao Municipal Executive Engineer was reverted to the Department, action was taken in the P.W. Secretariat. The Municipal Commissioner has made a demi-official reference in the matter, and the Chief Engineer and the Secretary, P W D has obtained orders of Government thereon in the usual course (Vide D.O letters flagged) The same practice for posting a Municipal Engineer has to be followed even now.

22) Kind reference is invited to the following provisions of section 248 (2) of the Mysore City Municipalities Act 1933 -

"When a Municipal Commissioner has been appointed under the provisions of this Act, all other officers and servants

"P, O, D & E"

This is not the correct procedure. Action should be taken under Sec 236 a) VI

employed by the Municipal Council shall be subordinate to him", according to which the Municipal Engineer, the Health Officer the Personal Assistant to the Municipal Commissioner and the Revenue Officer whose services are lent to the Municipality by the concerned Departments are subordinate to the Municipal Commissioner. The Municipal Commissioner sends the confidential reports about these officers to the Departmental Heads concerned in the first instance and they are submitted to Government by the Departmental Heads with their remarks in the usual course.

23) Having regard to the above provisions of law and the existing practice, it is for consideration if it was inappropriate for the Municipal Commissioner to have written a demi-official letter to the Chief Engineer about the reversion of the present Municipal Engineer Mr.D.Govindappa

The Chief Engineer has suggested three Executive Engineers, viz., Mr K S Gangadhara, BE, Mr A Sreedhara Rao, BA BL, and Mr V Balakrishnaiah Naidu, BE, who are considered suitable for Municipal Executive Engineer's post. He has also stated at the same time that the Municipal Councils have agreed to employ an Executive Engineer, which appears to him to be preferable.

The second alternative is being dealt with separately and submitted to Govt.

D.O.letter No.P C.17/41 dated 23rd September 1941, fro the Municipal Commissioner, City Municipality, Bangalore, to Chief Engineer of Mysore, Bangalore

---

You are probably aware that some Suboverseers of the Municipality have misappropriated some girders etc , belonging to the Municipality The case is pending police investigatio As mentioned to you in my personal conversation, I find Mr D Govindappa the Municipal Engineer is a weak officer quite incap ble of controlling his subordinates and not suited for work in a big Municipality like this It is his slackness, I beli that has enabled the subordinates to have their own way I think it absolutely necessary in the interest of this Municipal that Mr Govindappa, who has put in about 2 years of service may be transferred immediately and an energetic Executive Engineer e g Mr M A Ramanujam or if that is not possible, an Assistant Engineer Mr C Narayanaswami Chetty, may be transferred to this place

I do not like the idea of exposing the weakness of Mr Govindappa to the Municipal Council and hence I suggest for your kind consideration the forwardal of a proposal to transfer him at once from this place in the interest of all concerned

4 Memo No P J 926 dated 30-7-1942 from the Secretary to Government, Public Works Department, that the transfer of Mr M K Rajam Iyengar, to Bangalore City Municipality, is held in abeyance until further orders

Mr V K Govindarajulu observed that the move for the transfer of the Present Municipal Engineer never started from the Council but they were asked to select a person from out of the panel of names sent from Government Further, a new Health Officer is come and if they changed the Municipal Engineer also, it would be difficult for the administration to go on with new hands The Council had found the work of the present Municipal Engineer very satisfactory and were of opinion that he may be continued for some more time in this Municipality He therefore moved that the Present Municipal Engineer may be continued for some more time

Mr H R Guruv Reddy seconded the above and said that since they found the present Officer satisfactory, they wanted his services for some time more

Mr C N Narasinga Rao pointed out that the Council had resolved to have an Executive Engineer and it was on this resolution, the Chief Engineer had sent up a panel of names for being selected to the Municipal Engineer's place He also pointed out that the Council had also agreed to release Mr D Govindappa and hence the move for his transfer So the Council would do well to select some other person in place of Mr M K Rajam Iyengar, who is reported to be not available

Mr V K Govindarajulu replying to the above said that it was no dount true that the Council had agreed for the transfer of Mr D Govindappa but they did so with a view to afford him a chance of bettering his prospectus But they had also decided that in view of the satisfactory work, they wanted him

Council Proceedings dated 27-1-1942.

Subject No 19.

There was some discussion as to how the question of Mxx the transfer of Mr D. Govindappa was brought to the notice of the Government, whether there was any correspondence in this behalf between Government and the Municipality and how this was done without the knowledge of the Council.

The President informed the Members that he was not aware of any correspondance between the Municipality and the Government in this behalf, that since the Commissioner was absent, they could get the information either by way of interpellation or by asking him directly at the next meeting of the Council The letter from Government was before them and they might discuss xhx whether Mr D Govindappa should be retained or transferred

Mr. L S Raju observed that if Mr D.Govindappa was anxious to leave the Municipality and if there was any chance of bettering his prospects by doing so, it was not desirable xhxt on their part to retain his services

Mr G. Manjappa observed that Mr. D.Govindappa was doing very good work in the Municipality and that it is regrettable that he should be permitted to be transferred.

Mr K Shamaraja Iyengar also opposed the idea of transfer and said that it was only 2½ years since he came to this Municipality and that it was not necessary to transfer him or consult him xx about it He also said that since the Commissioner was not present, it was better this was deferred for the next meeting

Mr M A Gopalswami Iyengar speaking next said that since the Government had called for the opinion of the Council, they should either say yes or no In xhxx the former case, they may request Government to send a panel of names for selecting his successor ✗ He also said that since it was the opinion of the Council that was called for, it was not necessary to ask for the opinion of Mr.D Govindappa He observed that there was no need for appreciation of his services at this stage.

Mr W H H Hanumanthappa next observed that so far as Mr D Govindappa was concerned, it was not necessary to know his opinion as the Government wanted their opinion in the matter and that

with a view to better disposal, the subject may be divided into two parts, viz , either protest against his transfer or approve of it, in which case, they might request Government to send a panel of names and also record his services later on But he said that personally, he was not for his transfer

Mr K Shamaraja Iyengar also opposed the transfer and said that if Government persisted in transferring him, they might call for a panel of names for selection of his successor

Mr Ramalal Thivari also spoke supporting Mr K.Shamaraja Iyengar and said that the Council should have the right of choosing its own officers

Mr V Venkateswami Chetty then said that as they did not have the full details about the transfer question and as the Commissioner also was not present, it was better the question was deferred and taken up at the next meeting.

Mr K Ganga Betty seconded the deferring motion

Mr M R Konnappa supported the above

Dr. Royen speaking next said that if they were unanimous in retaining him, then there would be no alternative before the Government and if they decided otherwise, they might adopt the suggestion of Mr M A Gopalswami Iyengar and call for a panel of names But as Mr D Govindappa was doing good work, his services may be retained in the Municipality for some time more

At this stage, some of the Members wanted the Municipal Engineer to express his opinion and Mr K Shamaraja Iyengar raised a point of order that since this involved the personal matter of Mr Govindappa, it was not right to ask him to express his opinion as all along it was only on administrative matters they were calling for the opinion of the Executive

The President giving a ruling observed that there was no point of order involved but only a question of propriety and no opinion need be asked of Mr D Govindappa

Mr W H Hanumanthappa opposed the defe ring proposition of Mr V Venkataswami Chetty At this stage, Mr V Venkataswami Chetty withdrew his deferring motion with the permission of the House and then Mr L.S Raju moved the following resolution -

Letter No.T.C 25/42-43 dated 22nd July 1942, from the Deputy Commissioner, Mandya District, Mandya, to the Chief Secretary to Government, Bangalore.

I was touring in Nagamangala Taluk for the last two days and found that if rains were to hold off some time longer distress work will have to be started to give relief to the ryots. All the tanks have gone almost dry and the 'Hungar' rains have failed completely. The Jola crop is withering.

In the foregoing circumstances, I request that the transfer of Mr. K.Rajam Iyengar, B.A., B.E., Executive Engineer, Mandya Division, Mandya, may kindly be postponed, if not cancelled, as his services would be very necessary in starting the works, since he has got intimate knowledge of the circumstances and also the tract in question.

Early orders of Government may kindly be obtained in the matter.
